

Nathan Sorkin Software Engineer

✉ hello@nathansorkin.com 📞 3309079390 📍 nathansorkin.com 🌐 Github

Profile

Highly motivated and results-oriented Software Engineer with 5+ years of experience in developing and maintaining web applications. Proven ability to deliver high-quality code, streamline data workflows, and collaborate effectively with clients to achieve project goals. Adept in various programming languages and frameworks, including JavaScript, Node.js, Python, React, and Agile development methodologies

Professional Experience

Senior Software Engineer, Locusview [🔗](#) 2020 – Current | Chicago, IL

- Collaborated with a small, closely-knit team to quickly fulfill client feature requests while maintaining a focus on code clarity and performance
- Introduced JSDoc, TypeScript, ESLint, and Prettier, improving code quality and consistency by 20% while adhering to DRY principles
- Implemented improved testing practices using Chai/Mocha, improving bug resolution time and enabling faster development cycles

Software Engineer, b8ta [🔗](#) 2019 – 2020

- Developed Node.js scripts to automate CMS data management, reducing workload by 50% for clients and employees. Scripts enabled easy data import and export via CSV files
- Communicated directly with clients like Nike and Bonobos to gather requirements, propose solutions, and provide updates on product roadmaps and application development
- Integrated our store locator application seamlessly into clients' e-commerce platforms, adhering to their unique style guides to ensure a positive user experience
- As a Scrum Master, managed the agile process and oversaw weekly sprints, ensuring that work aligned with company goals and client roadmaps
